

Return to Class Worksheet

In order to return to class, this worksheet must be completed and a brief conference needs to take place with the student's administrator and the staff member.

1. Describe the circumstances that took place that led to my removal from class.
2. What do I think the staff member's perspective on this event was?
3. What could I have done differently to keep the situation manageable?
4. What am I going to focus on to try to improve should something similar happen again?
5. Is there anything else I would like the staff member to know?
