Meeting with a college admission counselor can be an important part of the college planning process. We have many reps visit CHS throughout the school year. Students are encouraged to visit with reps, ask questions and gain additional information about colleges they are interested in. A complete list of college reps visiting CHS can be found on the Career Center's [webpage](#). (Parents are also welcome to attend any of these events.)

Let us know if you would like to visit with a particular college, business representative, or sit in on a certain workshop. We would be happy to arrange what we can.

Sample Questions to Ask a College Representative

- What happens on weekends—are there things to do on campus or in town, or do most kids go home?
- What are the housing options for freshmen?
- What are the most popular clubs and activities?
- What's the security like on campus?
- What's the surrounding area like? Is it easy to get around?
- What support services are available (academic advisers, tutors, etc.)?
- Do I need to bring my own computer?
- Are any big changes in the works that I should know about?

Tips When Meeting College Representatives

- Prior to meeting the representative, do a little research on the school. Start by looking on their website or through the brochures in the Career Center.
- Ask thoughtful questions. (See examples above.)
- Dress in a manner that suggests you are taking the meeting seriously. It's about putting your best foot forward and showing respect, enthusiasm, and interest.
- Act like a professional. Smile, look the representative in the eye, show up on time, turn off your cell phone, do not interrupt the representative, wait until the end of the presentation to ask your questions unless the representative asks for questions before then.
- Follow up with a handwritten thank-you note after the meeting to show the representative you valued their time.

Tips For Visiting a College

- The first, is just to see the campus, get a feel of the place. Don't meet admissions, just go see if you can envision yourself at the school.
- The second time you check it out, get a tour, meet some people, possibly some professors. Likely this would be a more information, unofficial visit.
- The third time should be an official visit. This is an overnight visit where you are really kicking the tires of the college to see if this school is going to be the one you pick from those on your list. Keep in mind, Official Visits cannot take place until September 1 of your senior year.

Don't miss out on financial aid because you waited too long to fill out the FAFSA. To begin your application, go to <https://fafsa.ed.gov> .
